SUBJECT INDEX

Abdominal aortic aneurysm (AAA), in elderly, standard open and endovascular surgical repair of, 744

Abdominal aortic aneurysm repair, ruptured, predictors and outcome after, 703

Abdominal closure, using vacuum-assisted device, 1030

Abdominal compartment syndrome (ACS)

as consequence of rectus sheath hematoma, 975

early one-stage closure, 1025

Abdominal trauma, laparoscopy in management of, 957

Abdominal wall, delayed closure of, serial abdominal closure (SAC), 102

Abdominal wall defects, repaired by three conventional techniques, bursting pressure of, 978 Abdominal wall hernia

massive midline, repair of, "open-book" variation of, 733

traumatic, management of, 73

Acquired thoracic scoliosis, after repair of pectus excavatum, 530 Acute infectious purpura fulminans, 15-year retrospective review,

Acute innominate artery injury due to blunt trauma, endovascular repair of, 155

Acute lower gastroenteric bleeding retrospective analysis (ALGEBRA study), 145

Adenocarcinoma

colon, hypoxic, produces tumor growth delay, dual induction of Epo-Egr-TNF-α plasmid in, 24

perianal mucinous, 166

Adhesions, laparoscopic lysis of, 966

Adrenal cysts, surgical management of, 812

α-glutathione S-transferase, for intestinal ischemia, 324

Anesthesia, general, and paravertebral block in breast cancer sur-gery, 213

Anisaliasis, of colon presenting as bowel obstruction, 350

Annular pancreas, in adult, 404

Antiangiogenic therapy, of metastatic human colon cancer, 3

Antineoplastic therapy, in colorectal cancer through proteasome in-

Aortic aneurysm repair, ruptured, gastrointestinal complications after, 330

Apoptosis, neuroblastoma, and growth factors, 28

Appendectomies, decreasing rate of normal, 796

Appendiceal abscess, 829

Appendicitis

and computed tomography (CT) scanning in adults, 727 payors and outcome, 902

Aprotinin, and forskolin, effect of: bacterial lipopolysaccharidestimulated release of TNF-α, 131

Atypical ductal hyperplasia, for mammographic abnormalities, biopsy needle technique and accuracy of diagnosis of, 75

Autoimmune pancreatitis, presenting as mass in head of pancreas, 363

Axillary sentinel lymph nodes, in breast cancer, effect of, imprint cytology on intraoperative assessment of, 419

Bacterial invasion, effects of oxygen conditions and immunoglobin A on barrier defense to, 231

Bacterial lipopolysaccharide-stimulated release of TNF-α from rat heart, 131

Balloon angioplasty, vs surgical treatment of thrombosed dialysis access grafts, 663

Bedside technique, for placement of inferior vena cava filters, 382 Berry picking, greater local recurrence occurs with, than neck dissection in thyroid cancer, 191

Bilateral renal rupture, in hemodialysis, 505

Bilayer expanded polytetrafluoroethylene (ePTFE), and polypropylene mesh, intraperitoneal underlay ventral hernia repair, 287 Biliary carcinoid, treating rare cause of bile duct obstruction, 98 Biliary fistulas, increased, after liver resection with harmonic scal-

Biopsy, breast sentinel lymph node, using radioisotope injection, 358

Biopsy needle technique, and accuracy of diagnosis of atypical ductal hyperplasia, 757

Bleeding, treatment of, in severe hemorrhagic pancreatitis with recombinant factor VIIa, 1017

Bleeding manifestations, after low-molecular-weight heparins in blunt splenic injuries, 1006

Blunt chest trauma, delayed hemopericardium and pericardial mass after, 343

Blunt splenic trauma, nonoperative management of, 238

Blunt trauma

acute innominate artery injury due to, endovascular repair of, 155 thoracotomy for, 1108

Brachiocephalic artery, pseudoaneurysm of, following medianoscopy, 542

Breast cancer

advances in diagnosis and excision of, 11

delayed locoregional recurrence of, following mastectomy, 1015 drainage catheters, and fibrin sealant reduction in drain output and, 77

lymphatic tumor burden and sentinel lymph node detection, 886 mastectomy for, reconstruction after, study of patient factors affecting, 95

mortality rates, variations of, across states, 59

papillary, 400

prognostic indices in, race related, 372

radiofrequency ablation (RFA) of, 37

reoperation and postoperative wound infection in, 852

sentinel node biopsy in, technical limitations of, 111

solitary papillary, metastasis to large bowel, 799 surgery, paravertebral block, 213

Bronchoalveolar lavage in critically ill trauma patient, preliminary bacterial colony counts from, 749

Bursting pressure, of abdominal wall defects, repaired by three conventional techniques, 978

arathyroid, diagnostic and therapeutic dilemma, 711

clinical management of, future of, 41

colon, metastatic, targeted approach for antiangiogenic therapy of, 3

colorectal

antineoplastic therapy in, through proteasome inhibition, 15 increasing rates and young adults, 866

NM23-H1 and NM23-H2 expression, identifies "at-risk" patients with, 203

resection, complications in, 969

esophageal, multimodality treatment for, 693

gastric, micrometastasis of lymph node in, 573

locally advanced, multimodality management of, 612 long-term follow-up for transanal excision for, 675

'berry picking" and neck dissection in, 191

Carcinoid tumor, of biliary tract, treating rare cause of bile duct obstruction, 98

Carcinoma

breast

delayed locoregional recurrence of, following mastectomy, 1015

mastectomy for, reconstruction after, study of patient factors affecting, 95

hepatocellular, evaluation of, role of [18F] flourodeoxyglucose positron emission tomography imaging in, 117

invasive, surgical management of, at reduction mammoplasty, 1003

papillary, of breast, 400

thyroid

differentiated, postoperative surveillance of, 244

Cardiac risk assessment, preoperative, in vascular surgery, 923

Cardiac surgery programs, hospital volume and outcome, in California, 63

Carotid artery pseudoaneurysm, external, from hyoid bone fracture, 534

Carotid artery stenosis, CTA validates duplex sonographic evaluation of, 842

Celebration of twenty years of service and leadership of department of surgery, University of Florida College of Medicine: legacy tribute to Edward M. Copeland III, M.D., 1

Central hepatic malignant lesions, resection of, 186

Central venous access, ultrasound guidance for, 1104 Cervical spinal cord injury, intubation after, 891

Cervical spine ligametous injury, severity of, 261

Cervical spine x-rays, plain, false-negative, in blunt trauma, 1010

Cholangiocarcinoma, advanced, 441

Clinical cancer management, 41

Colon

adenocarcinoma of, hypoxic, produces tumor growth delay, dual induction of Epo-Egr-TNF- α plasmid in, 24

anisakiasis of, presenting as bowel obstruction, 350

cancer, metastatic, targeted approach for antiangiogenic therapy of, 3

Colorectal cancer(s)

antineoplastic therapy in, through proteasome inhibition, 15 NM23-H1 and NM23-H2 expression, analysis of both, identifies "at-risk" patients with, 203

rates of, increasing in young adults, 866

resection, complications in, 969

Colorectal carcinoma

hepatic metastases due to, and pulmonary metastasectomy, 1047 Colorectal malignancies, in HIV-positive patients, 981

Colorectal surgery, trends in preparation for, 150

Colorectal tumors, and matched lymph nodes, differential expression of thymidylate synthase in, 918

Common bile duct (CBD) stones, current management of, in teaching community hospital, 555

Computed tomography angiography, validates duplex sonographic evaluation of carotid artery stenosis, 842

Computed tomography (CT) scanning, for diagnosing appendicitis in adults, 727

Congenital diaphragmatic hernia (CDH), at University of Florida, 45 Contaminated abdominal wounds, delayed primary closure (DPC) of, 252

Copeland, Edward M. III, 1

Critical invasive skills, training fourth-year medical students in, 437 Cryosurgery, and complication rate after hepatic cryoablation, 317 Cystosarcoma phyllodes tumors, in men, 808

D

Delayed primary closure (DPC), of contaminated abdominal wounds, 252

Dermabond, vs subcuticular closure, 434

Dexon mesh splenorrhaply, for intraoperative splenic injuries, 176 Diaphragm, stab wounds of, 508

Diaphragmatic agenesis, bilateral, in adult with paraduodenal hernia, 523

Differentiated thyroid carcinoma, postoperative surveillance of, 244
Dilators, esophageal, intraoperative, laparoscopic antireflux surgery
without use of, 219

Diverticulitis, laparoscopic vs open sigmoid colectomy for, 499 Drainage catheters, in breast cancer patients, fibrin sealant and reduction in drain output and, 77

Duodenal bulb carcinoid tumor, posterior, laparoscopic resection of, 792

E

Early readmission, to surgical inrensive care unit, 913

Efferent limb, retrograde intussusception of, 353

Ehlers-Danlos syndrome (EDS) Type IV, use of porcine small intestinal submucosa in, 424

Elderly

analysis of standard open and endovascular surgical repair of abdominal aortic aneurysms in, 744

hemodynamic monitoring in, 411 patients in surgical workloads, 961

thick melanoma in, 988

Endovascular repair, of acute innominate artery injury due to blunt trauma, 155

Eosinophilic mastitis, recurrent, 620

Epiphrenic esophageal diverticula, minimally invasive management of, 465

Erbium YAG and CO2 lasers, in laser flap delay, 69

Erratum, dual induction of the epo-egr- $\hat{T}NF$ - α plasmid in hypoxic human colon adenocarcinoma produces tumor growth delay, 362

Esophageal adenocarcinoma and glioblastoma multiforme, synchronous occurrence of, 136

Esophgeal cancer, multimodality treatment for, 693

F

Factitous oxygen desaturation, after isosulfan blue injection, 899 False negative, technetium-99m-sestamibi scan in primary hyperparathyroidism, 225

Fascial dehiscence, after trauma laparotomy, 927

Feedback circuit electrosurgical generators, and wound-healing characteristics in porcine model, 1054

[18F] Flourodeoxyglucose positron emission tomography imaging, in evaluation of hepatocellular carcinoma, 117

[18F] Fluorodeoxyglucose positron emission tomography surveillance, of hepatic metastases after radiofrequency ablation, 593

Fibrin sealant, drain output and earlier removal of drainage catheters in women undergoing surgery for breast cancer, 77

Forskolin, and aprotinin, effect of: bacterial lipopolysaccharidestimulated release of TNF-lpha, 131

Fractures

pelvic and lower extremity, impact of, on incidence of lower extremity deep vein thrombosis, 459

pelvic ring, early vs. delayed fixation, 1019

G

Gamma probe-guided parathyroidectomy, 720

Gastric bypass, for morbid obesity in older patients, 547 Gastric cancer, micrometastasis of lymph node in, 573

Gastric stromal tumor, laparoscopic resection of, 946

Gastroesophageal reflux, laparoscopic nissen fundoplication im-

proves quality of life in, 833

Gastrointestinal complications after ruptured aortic aneurysm repair, 330

Gastroschisis, primary insertion of silastic spring-loaded silo, 1083 Genetic testing, for hereditary nonpolyposis colorectal cancer, 387 Glasgow coma score, injury severity score and traumatic brain injury, 491

Glioblastoma multiforme and esophageal adenocarcinoma, synchronous occurrence of, 136

Granulosa cell tumor

metastatic, ovarian, hepatic radiofrequency ablation of, 416 metastatic, splenic rupture from, 29 years after curative resection, 106

Groin, wounds, radiated, 994

Growth factors, apoptosis, and neuroblastoma, 28 Gunshot injuries, to sacrum, novel approach, 91

Н

Hand-assisted laparoscopic colectomy, 578 Hand-assisted laparoscopic nephrectomy (HALN), 1061 Harmonic scalpel, increased biliary fistulas after liver resection with, 815

Heat shock protein 72 KDa in vivo, induction of, hyperglycemia and nitric oxide synthase inhibition on heat tolerance and, 587

Hemodialysis, bilateral renal rupture in, 505 Hemodynamic monitoring, in elderly, 411

Hemopericardium, delayed, and pericardial mass after blunt chest trauma, 343

Hemorrhoidectomy, stapled, 862

Hepatectomy, in children under total hepatic occluson, 539

Hepatic cryoablation, cryosurgery increases complication rate after, 317
Hepatic mastases, [18F] fluorodeoxyglucose positron emission to-

mography surveillance of, 593
Hepatic metastases, due to colorectal carcinoma, and pulmonary

metastasectomy, 1047

Hepatic occlusion, total, in children, hepatectomy in, 539 Hepatic portal vein gas (HPVG), clinical features and outcomes, 526

Hepatocellular carcinoma prevalence of metastases in, 879

radio-frequency ablation in cirrhotic patients, 1067

role of [18F] flourodeoxyglucose positron emission tomography imaging in, 117 Hereditary nonpolyosis colorectal cancer (HNPCC), genetic testing

for, 387

HER2 expression, in thyroid tumors, 1100

congenital diaphragmatic, at University of Florida, twenty years of progress in, 45

diaphragmatic, chronic traumatic, recurrent, laparoscopic repair of, 160

spigelian, recurrent: case report, 109

Herniorrhaphy, incisional, with intraperitoneal composite mesh, 784

History, medical, vignettes in

Is the socratic method illegal?, 181

Mesopotamian schools of edessa and jundi-shapur, 627

HIV-positive patients, colorectal malignancies in, 981

Hollow viscus injuries, delay in diagnosis of, 293

Hyaluronate-based bioresorbable membrane (Seprafilm) application, unusual complication after, 356

Hypercalcemia, and parathyroid hormone level for primary hyperparathyroidism, 393

Hyperglycemia, and nitric oxide synthase inhibition, effect of, on heat tolerance and induction of heat shock protein 72 KDa in vivo, 587

Hyperparathyroidism, primary

associated with multiglandular disease, limitations of technetium 99m sestamibi scintigraphic localization for, 170

false negative technetium-99m-sestamibi scan in patients with, 225

focused unilateral neck exploration during surgery for, 82 impact of hypercalcemia and parathyroid hormone level on sensitivity of preoperative sestamibi scanning for, 393

Hyperparathyroidism, secondary, relapsing, 998

Iliac vessel injury, operative management and outcome of, 581 Immunoglobin A and oxygen conditions on barrier defense to bacterial invasion, 231

Incisional ventral hernia repair

utilizing bilayer expanded polytetrafluoroethylene and polypropylene mesh, 287

Individual hand performance, and virtual reality trainers in box trainers, 1112

Indwelling pleural catheter, user of, compared with thorascopic talc pleurodesis in management of malignant pleural effusions (MPE), 198

Inferior vena cava filter(s)

bedside insertion of, in ICU, 660

complications of, 654

current, overview of, 643

placement, 649

placement of, prospective evaluation of bedside technique for, 382 Inferior vena cava imaging, preinsertion, 649

Inflammation, tumor-associated, omega-3 fatty acids, 32

Inguinal hernia, liposarcoma of spermatic cord masquerading as, 163

Inguinal hernia repair, open mesh and laparoscopic, disability and chronic pain after, 839

Injury severity score, glasgow coma score, and traumatic brain injury, 491

Interferon, low-dose adjuvant, for stage III malignant melanoma, 127

Intestinal ischemia, predictive value of α -glutathione S-transferase for, 324

Intra-abdominal sepsis: fascial dehiscence after trauma laparotomy, 927

Intraperitoneal bupivacaine, to decrease length of stay in elective laparoscopic cholecystectomy patients, 275

Intraperitoneal composite mesh, incisional herniorrhaphy with, 784 Intubation, after cervical spinal cord injury, 891

Isofunctioning thyroid nodule, clinical significance of, 311

Isolated internal iliac artery aneurysm resection, and reconstruction, 569

Isosulfan blue injection, factitious oxygen desaturation after, 899

J

Jejunoileal bypass, interval, and obesity, 873

L

Laparascopic cholecystectomy, patients, elective, intraperitoneal bupivacaine to decrease length of stay in, 275

Laparoscopic adrenalectomy, and splenectomy, 377

Laparoscopic antireflux surgery, 219
